Please explain why you believe that the subject property meets each of the following criteria for this type of variance:

- a. The land in question cannot yield a reasonable return unless a variance is granted:  
(Explanation: The landowner(s) will receive no reasonable return without the variance, you must show that you will be deprived of all beneficial use of the land).

- b. The need for a variance is due to the unique circumstances of the property and not to the general conditions of the neighborhood:

**Disability Variance:**

The Board of Appeals may grant a variance to an owner of a dwelling for the purpose of making that dwelling accessible to a person with a disability who resides in a or regularly uses the dwelling. The Board shall restrict any variance granted under this provision solely to the installation of equipment or the construction of structures necessary for access to or egress from the dwelling by the person with the disability. The Board may impose conditions on the variance, including limiting the variance to the duration of the disability or to the time that the person with the disability lives in the dwelling. For the purposes of this provision, a disability has the same meaning as a physical or mental handicap under the Maine Human Rights Act and the term "structures necessary for access to or egress from the dwelling" is defined to including railing, wall or roof systems necessary for the safety or effectiveness of the structure.

**Please answer the following questions to explain why you believe that the subject property meets each of the following criteria for this type of variance:**

- a. Does a person with a disability reside in the dwelling?     Yes     No
- b. Does a person with a disability regularly use the dwelling?     Yes     No
- c. Is the installation of equipment or the construction of structures proposed under this application necessary for access to or egress from the dwelling by the person with the disability? (Explain):

---

---

---

---

---

- d. Does the disability have a known duration? If so, what is that duration?

**Practical Difficulty Variance:**

The Board may grant a variance from the dimensional standards means and is limited to ordinance provisions relating to lot area, lot coverage, frontage and setback requirements. As used in the provision, "practical difficulty" means that the strict application of the ordinance to the property precludes the ability of the petitioner to pursue a use permitted in the zoning district in which the property is located and results in significant economic injury to the petitioner.

**Please explain why you believe that the subject property meets each of the following criteria for this type of variance.**

a. The need for a variance is due to the unique circumstances of the property and not the general condition of the neighborhood. \_\_\_\_\_  
\_\_\_\_\_

b. The granting of a variance will not produce an undesirable change in the character of the neighborhood and will not unreasonably detrimentally affect the use or market value of abutting properties. \_\_\_\_\_  
\_\_\_\_\_

c. The practical difficulty is not the result of the action taken by the petitioner or a prior owner. \_\_\_\_\_  
\_\_\_\_\_

d. No other feasible alternative to a variance is available to the petitioner. \_\_\_\_\_
